Please contact David Hams for all your property advice.

This ultra impressive residence is located on an elevated corner allotment and has been built to maximise the spectacular views down the coast and stretch all the way to Mount Lofty in the distance. The stunning outlook really does need to be seen in person to truly appreciate.

Located within a short stroll along walking trail that leads directly to the beautiful white sands of Sellicks Beach, this property offers a special lifestyle opportunity that should be seriously considered.

The home was built in 2010 and is a quality concrete tilt-up construction with steel frame, commercial grade window
