More like a home than a unit, this lovely homette style unit is one of three, privately positioned away from the road at the rear of the group and offers a very spacious lounge with adjacent dining area.

Likely to appeal to the buyers seeking a handy location within easy walking distance to bus, shops and most facilities, this property is much loved, well maintained and offers quite a host of extras.

With a beautiful big kitchen that includes lovely gas oven, plenty of cupboards and lots of work space plus pantry, the large dining area is very adequate for both formal and informal occasions.

With good security, roller shutters for added protection
