ASCOT PARK

4 2 2

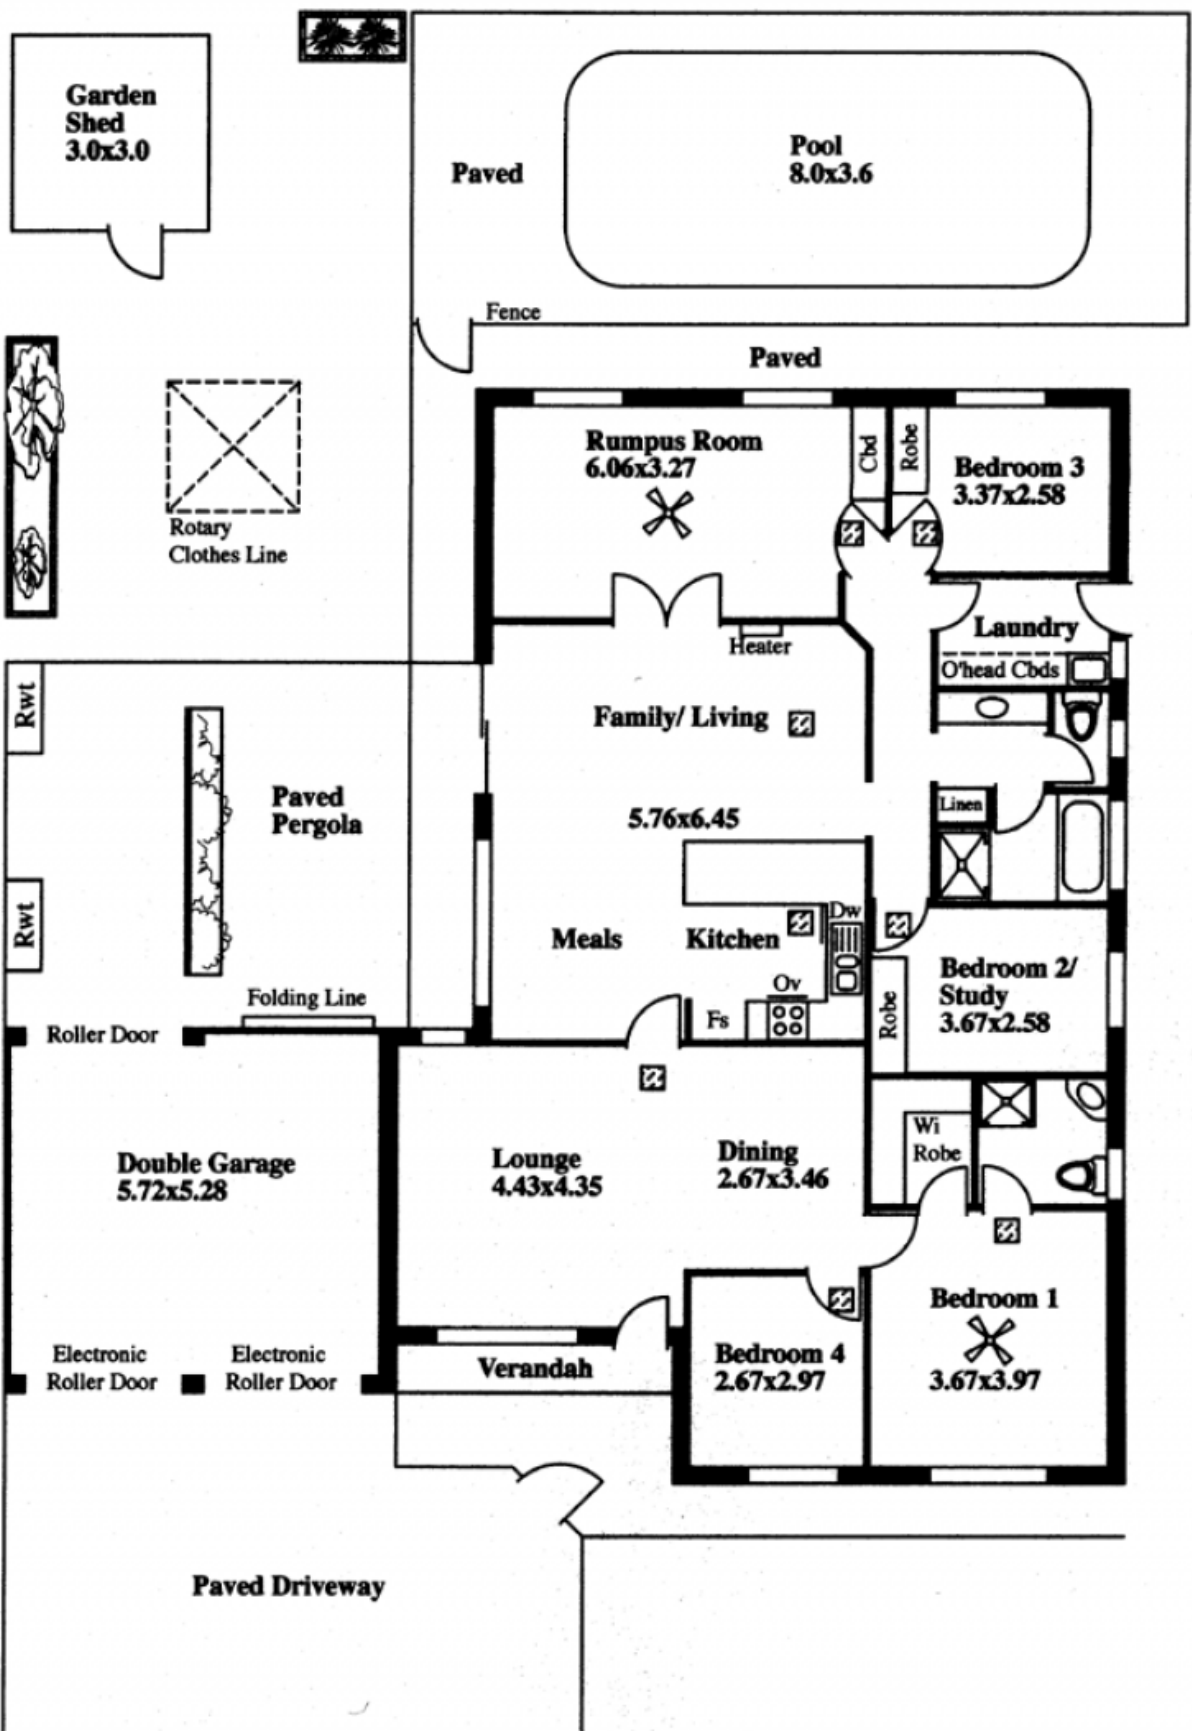

Remarkably large, built in 2002 and beautifully presented throughout, without doubt one of the finest four bedroom homes we have had the pleasure to present in recent years, offering three separate living areas and ideal for entertaining inside and out.

Designed for optimum comfort, there is a very flexible floor plan that ticks all the boxes, lovely formal lounge, adjacent formal dining, a very large family room with adjacent secondary dining area and a separate rumpus / retreat or home gym room.

Ideal for the big family gathering for both formal & informal occasions, there is a beautiful spacious kitchen with built in dishwasher, a big extensive breakfast bar, gas hotplates
