

MAGAIN

3 Audrey Street ASCOT PARK SA

2 1 4

what could you do with this much loved family home, set on an enormous block of well over 1000 sqm ideal for those looking to improve, renovate or extend. Still a work in progress, the owners have rewired and re plumbed, replaced the roof and now offer the property for sale as is but the potential is excellent, subject to obtaining all of the usual consents.

with character intact and much of the home still in original condition but requiring full restoration, this classic bungalow features high ceilings, timber floors, solid brick, iron roof, large front verandah, huge backyard with room for a tennis court and much more and there is also plenty of room alongside the home down the northern boundary for vehicle access.
