The surprise is inside! This deceptively spacious home is ready to just move in and start living. The current owners are transferring and they have done the hard work.

Boasting new carpets and timber flooring along with tasteful colours and ducted evaporative air conditioning, it offers a spacious formal lounge which leads through to the separate formal dining room.

The beautifully updated kitchen has ample cupboards, Miele dishwasher, stainless steel Bosch oven, gas hotplates & range hood. Adjoining this is the casual meals area and large family room with gas heating.

Type : House
Building Size : 18 sqm
