Funky Warehouse Conversion - You Will Love It!

Properties like this in the CBD are rare to say the least and this sensational, Torrens Title warehouse of over 200sqm of living is one out of the box.

Built around 1970 and used predominantly over the next 30 or so years for mechanical repairs and food storage until in 2003 it was converted to a residential property and has been constantly updated ever since.

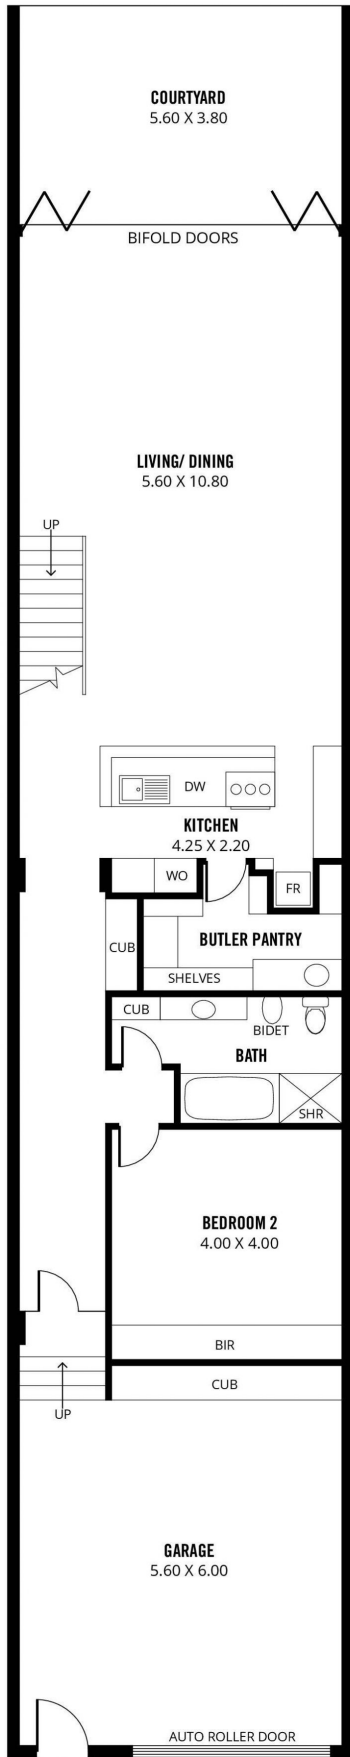

With stunning Tasmanian Oak flooring, high vaulted ceilings, Industrial style Stainless Steel kitchen and a magnificent North facing rear courtyard with a lovely established vertical garden you have all the ingredients for an exciting and sought after inner city pad.
