3 Baker Avenue MORPHETTVILLE SA

4 1 1

Please contact Josh Morrison for more information.

A great opportunity to secure a good sized family home on a large flat 747 sqm block and either renovate and redevelop (STCC).

Stepping the family home offers a very flexible floor plan including four bedrooms, two with built in robes, two separate living spaces, and original eat in kitchen, two bathrooms with separate toilet and bath.

Outside there is plenty of room to entertain your family and friends, while watching the kids run around on the large grassed area. There are two sheds, perfect for storage and undercover parking for your car.

Central to everything this home offers a superb location
