Tucked away in the newest Hayborough estate "The Rise", is this neat as a pin home that would be well suited to the first home buyer, investor, downsizer, or anyone who is looking to escape the rat race of city life but still wanting to be close to amenities.

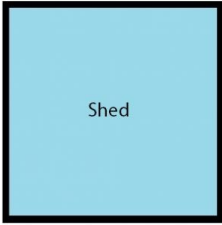

Built in 2011, this quality Statesman home is sure to impress. The master bedroom is of a great size, with a walk in robe and ensuite. Beds two and three both have built in robes. With two spacious living areas, there is plenty of room for the growing family, or should the need arise, the lounge room could very easily be turned into a fourth bedroom!

As you continue walking through, you will be amazed at the open spaced living area to the rear of the home. With
