Only 8 years old this low maintenance three bedroom plus study family home with approx 182 square metres of living space is located in the ultimate position between the city and sea. Built on two levels, it's cleverly designed to maximize space while the high ceilings give a feeling of luxury throughout.

Upon entry you are greeted by a generous formal lounge which flows through to the open plan kitchen/meals and second living area. The modern kitchen features a great sized walk in pantry, stainless steel appliances including dishwasher and gas cook top and plenty of preparation space. Also found on the first level of the home is a powder room with toilet, laundry and under stair storage room.

A beautiful carpeted staircase at the entrance to the home
