With all the hard work already done, this spacious, modern two bedroom unit is move-in ready! Positioned at the rear of a three-unit complex, this home is ideal for first home buyers, investors and those looking to downsize without compromising on space and lifestyle.

As we enter the home, we are greeted with a generous, open plan kitchen, living and dining area. The current owner has graciously installed new, modern flooring and has freshly painted the walls in this section of the home. The kitchen is spacious and functional with ample bench and cupboard space and leads onto an additional room that could be used as a laundry/study.

Past the living area and down the hallway lies a modern, spacious bathroom which, unlike most units, has more than enough room for a washer and dryer. The master bedroom
