26 Pickering Street BROMPTON SA

1 1

This 1900 built symmetrical cottage is ideally located in this highly sought after area. It has so much character & charm yet with it's complete renovation & update throughout, it offers modern comfort & style.

The bedroom is a great size & features a large built in robe. The large living area is at the centre of the home and offers plenty of room to relax or entertain in style. The freshly upgraded kitchen is also very roomy and user friendly. With a beautiful bathroom it really is complete. There is a good sized rear yard so you can keep a pet or set up as a great area for a bbq with friends.

With so much street appeal and a secure, lockable front gate it really does tick all the boxes.
