Attention all investors - this three bedroom home is set on a large flat block and could be the perfect development site.

With 19.2mtr frontage x 36.8mtr's in length, it is the ideal beginning to an excellent investment.

The home features a combination of timber floorboards and carpet and there are solar panels to assist the heating and cooling found throughout the home. The original kitchen is sizeable enough to enjoy dining as well as preparing the meals and there is a separate lounge/family room.

There is a carport under the main roof and a flat pergola that runs the length of rear of the home. As previously stated, the back yard is huge with plenty of grass, plants and veggie gardens, as well as shedding should you choose to make it your own.
