This 2010 Dechellis home is built to very high standards and it shows in the presentation, right from the kerb side.

Offering a huge superbly laid out floor plan this would be suitable for almost everyone. There are three spacious bedrooms, the master with en suite and walk in robe. The two further bedrooms are a great size, both with built in robes and conveniently nestled either side of the high end family bathroom. The large main living area is light and airy and beautifully presented. It can be seen from the dining area and fully equipped kitchen. So you can enjoy those dinner parties while cooking up a storm with your top of the range appliances. There is also a further home theatre room for those blockbuster movie nights. For all round comfort there is reverse cycle heating and cooling.
