This two bedroom property has space in abundance and is on a great size block.

Inside the recently renovated home you will find a mixture of polished floor boards and new carpets. The original kitchen and bathroom have been lovingly looked after and are extremely functional. There is an excellent dining space adjacent to the kitchen which leads through to a spacious, light and airy lounge with French doors opening onto a veranda. The two double bedrooms are located at the end of the house, one with built in robes, and again have that light and airy feel.

Outside there is plenty of yard space, which is a mix of lawn and paving, and a double length garage.

There is a split system and gas heater for all round comfort.
