This three bedroom family home has a great layout and plenty of outdoor space.

Inside to the right are the three bedrooms (two with built in robes), nestled around the family bathroom and separate toilet. To the left is a spacious lounge and behind that a good size kitchen, with new appliances, and dining area. Double doors leads you out to a family room which is a great space for the kids or retreat for adults. The laundry is also nearby.

Outside you will find a good entertaining space and yard for the kids or pets to play. To the side is a car port and garage behind it. For comfort there are fans in two of the bedrooms, reverse cycle air conditioning and ducted evaporative cooling.
