This immaculate 2016 built family home is sure to impress with its practical layout complimented by superb styling.

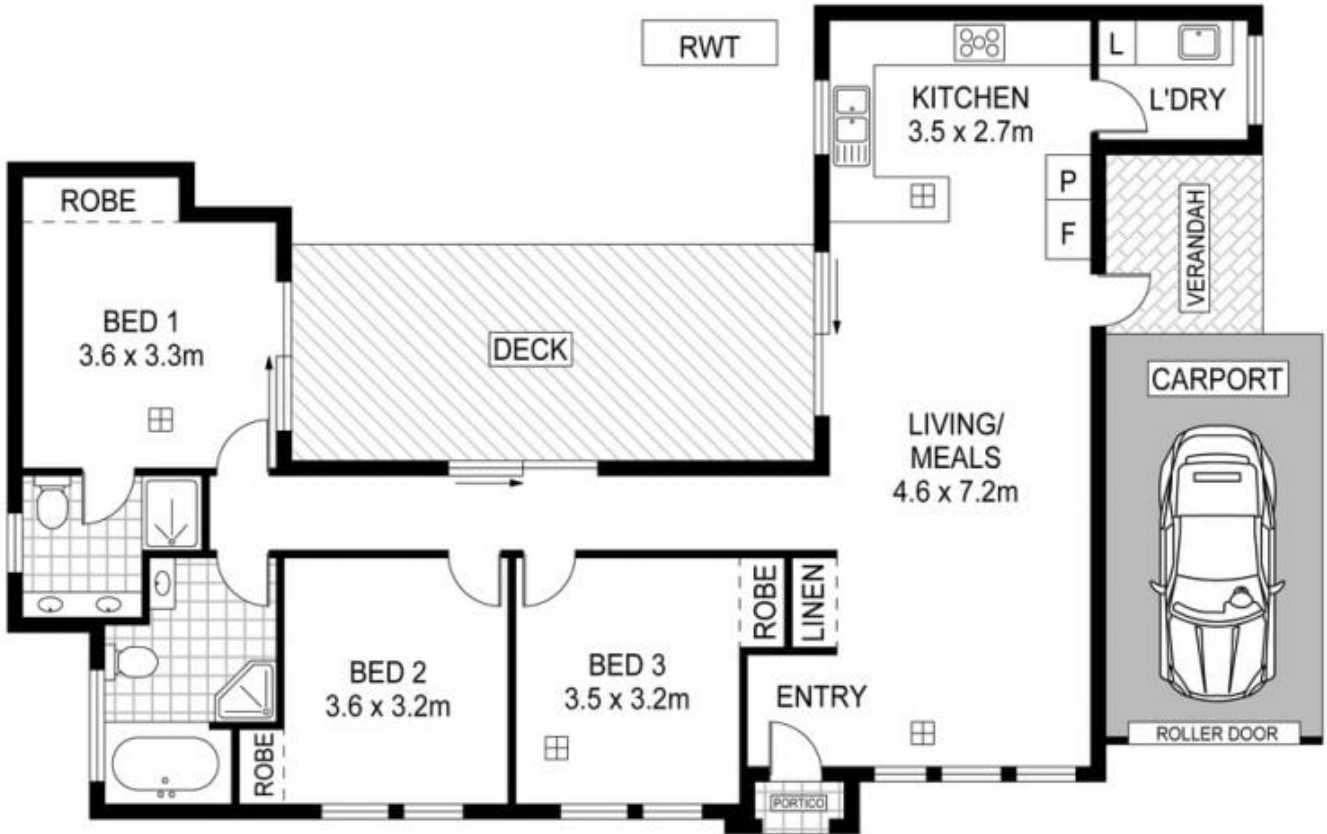

Using highly finished Basket Range Stone for the facade trimmings, the builders have truly created a very special home here. Sourced from the original Basket Range Quarry in the 1960s, quarried from a limited deposit, it is high quality, unique, and only available through reclaimed sources. This sets the standards of this truly remarkable home.

Inside, the 2700 high ceilings offer an exceptional sense of space throughout. The state of the art kitchen offers stone bench tops and top of the range appliances, including a 900 wide gas cook top and range hood. The neutral tones and top quality finish continue on through the open living
