A clever floor plan begins with a welcoming entrance, where beautiful floating timber floors combined with modern tiles plus a neutral palette bathed in natural light welcomes you with open arms.

It will be love at first sight for those who hold the kitchen as the heart of the home. Overlooking the home's living and a step down to the dining area, it has been beautifully renovated with modern benchtops, subway tiles and quality appliances including a 900mm chef oven, dishwasher and a gas cook top plus a well appointed island bench that creates the perfect gathering spot while entertaining and also allowing for maximum storage and preparation space.
