## GULFVIEW RD

### 60 Gulfview Road CHRISTIES BEACH SA

Only minutes to the beautiful southern coastline and Zoned 'Residential (Medium Density)', this generous 732 (approx) sqm block will excite the investor/developer looking for their next project in this booming area.

Currently with a large three bedroom property on this flat, easement free block, it is located handy to all amenities and would have stunning sea views if you were to demolish and build two storey residences(STCC).
