This impressive architecturally designed home is nestled in a beautiful location boasting a fantastic outlook, amongst other quality homes in the picturesque Beyond Estate.

The Beyond Today development is very different from most other residential housing estates. Most other estates and developers typically squeeze in as many blocks of land and houses to maximise profit margins, and don't give much consideration to the amount of open space, privacy, views and tranquillity for the residents. This estate is different, it's Australia's most Eco friendly housing development offering a staggering 47% of the land being dedicated for landscapes reserves, parks, walking trails and wetlands making it a beautifully peaceful place to live, and ensures that it always will be.
