19 Bishop Road WILLUNGA HILL SA

3 2 11

This impressive architecturally designed custom built home boasts a combination of raw materials and ultra modern features that connect to the beautiful rural surroundings whilst offering a luxurious lifestyle. If you have been searching for a special lifestyle property, then this one is worth some serious consideration.

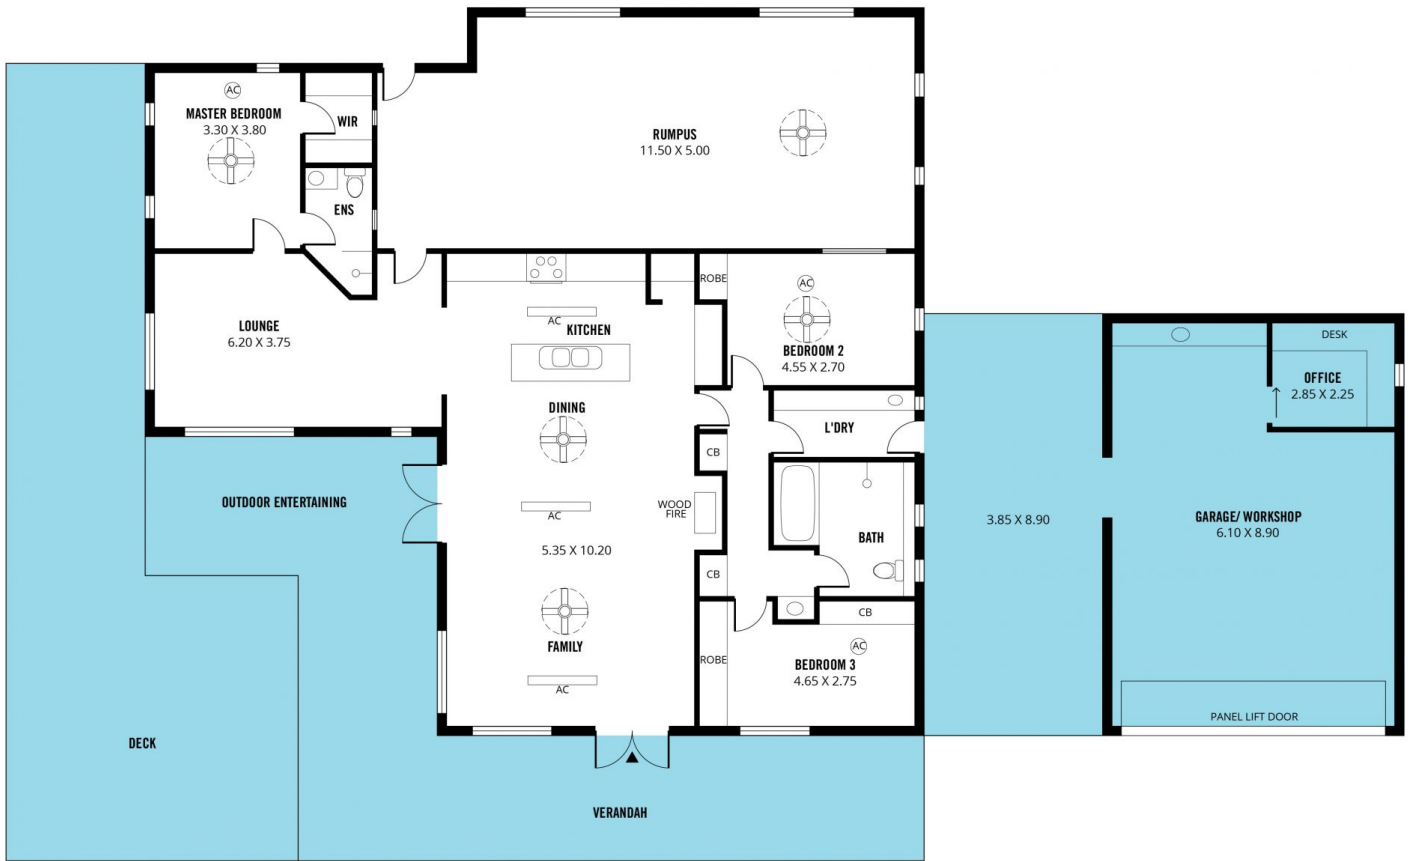

This unique property was built by the current owners in 2005, and has been recently extended and updated. As soon as you arrive you can't help but notice the rammed earth walls and the massive spotted gum hardwood decking that wraps around the front of the home. As you get closer you'll notice the huge 100+ year old Streaky Bay jetty posts that uphold the return verandah and are also featured throughout the home.
