A very rare opportunity to secure approximately 80 acres of prime land, that offers a combination of flat, arable land, with a meandering winter creek winding through the lower paddocks, and some elevated land towards the rear of the property that offer a majestic outlook over neighbouring properties and down the valley.

If you have been on the lookout for a larger acreage property to either increase your farming options, or to build your ideal dream home, then this very appealing property should be considered.

Boasting a number of benefits including near new sheep
