Contact David Hams for more information or to arrange an inspection.

Set on 673sqm, this bright and airy home has been recently renovated and could be ideal for a range of different buyers - an inspection comes highly recommended.

At the front of the home is the lounge room, which features a large picture window allowing plenty of natural light in. This flows through to the dining and kitchen areas, which have been newly renovated, making all the hard work already done. The kitchen has been recently renovated and includes a dishwasher and plenty of bench and cupboard space.
