Built in 2005, this huge light filled one owner built Rivergum home can accomodate the biggest of families. Everything in its design is just that bit bigger than the normal. From the spacious formal lounge to the expansive open plan kitchen/meals/family area, the family will never feel hemmed in again. A great feature of the home is the indoor entertaining area just perfect for the home theatre or pool table. Everyone can have their own space.

With four bedrooms on this large floor plan, we have the master at the front of the home with his and hers vanity area, walk in robe and large en-suite with luxurious double shower and temperature controlled hot water. Three other double bedrooms also complete with robes and serviced by the main three way bathroom.
