You'll fall in love with this beautiful home from the moment you pull up out the front. The front garden is a spectacular display with all kinds of colourful succulents and a lush green lawn. Once inside you'll find a modern and spacious family home with a tinge of "fresh paint smell". The renovated bathrooms are absolutely stunning, as is the kitchen. The unusual floorplan makes for a home that's less than boring in so many ways. The only stressful part will be trying to decide which bedroom you want to use as the master, with the option to choose between two possibilities!
