

MAGAIN

211 Black Road FLAGSTAFF HILL SA

Call Scott McPharlin for more information.

This substantial 5,010sqm (approx) land holding presents a very rare and exciting opportunity for developers! Zoned residential to the Onkaparinga Council with a frontage of 32metres, and backing on to a recreational ground, this land is positioned perfectly in the ever-popular leafy suburb of Flagstaff Hill.

With a functional site plan and most of the site level, this land lends itself to a community titled development or group dwellings (STCC). With surrounding amenities such as the Flagstaff Golf Club, Oval, Shopping Centre and a selection of fantastic schools along with close proximity to the city; newly constructed homes would prove to be very popular

Type : Land
Land Size : 5010 sqm
