What a buy, so much value here with all the hard work done just pick your design and build your dream home. So many blocks available in Flaggy have thousands left to spend on retaining and leveling before you can even start, making your dream home so much more costly than you first expected, so avoid the extra costs and come and discover this great location so close to the golf course, local shopping and schools and only a hop step and a jump to Westfield Marion.

A perfect spot for people looking to downsize or build their new home, so don't miss this fantastic opportunity by calling Scott today.
