36 Copernicus Road Christie Downs SA

3 1 2

With a great entry-level price tag this home is jam packed with features that will be sure to impress. A light and bright colour scheme throughout will compliment any home furnishings, and the practical laminate floors to the living and high traffic areas are a smart addition. The kitchen has been upgraded, as has the laundry and bathroom areas. The laundry has great built in cabinetry, and the bathroom has a full sized bath for the little ones in your life, or even a weary adult after a hard day.

Set on a nice big block of some 700m², there's a double garage with power and lights at the rear, plus a great entertaining area for barbeques and birthday parties. There's plenty of room for veggies and herbs too.
